The final working meeting of the Plan Bothnia project (MSP5) for partners and process participants will be held 19.-21. March in Vasa, Finland. The dates and venue enable some interaction and joint sessions with the [SeaGis project](#) participants and guests- who will have a meeting at the same time (20.-21 March) and place.

The specific objective of this concluding fifth meeting is to finalise the project output, a pilot MSP plan suggestion as well as the final report publication, based on final drafts submitted to the meeting. The two first days (19. & 20.) will centre on the final pilot plan. The last day (21.) will be focused on finalising the project publication and is mainly intended for authors and project partners enabling agreement on final output.
